EDUCATION

FEDERAL UNIVERSITY OF TECHNOLOGY, AKURE.

B.Eng. in Civil Engineering
Dec 2023 | Akure, Nigeria
GPA: 4.31 / 5.0

COURSEWORK

UNDERGRADUATE

Introduction to Computer Science
Introduction to Computer Science II
Introductory Mathematics I
Introductory Mathematics II
Numerical Analysis
Introduction to Python Programming
Engineering Mathematics
Engineering Statistics
Principle of Economics

SKILLS

PROGRAMMING

Confident

Html & CSS • JavaScript • Bootstrap • Tailwind CSS • React JS • Redux • Jest

Familiar

Typescript • Solidity • Node JS

LANGUAGES

Fluent

English

EXPERIENCE

Rungeon | Open-Source Developer

July, 2022 | Remote

- Contributed to Rungeon, an open-source text adventure game programmed in vanilla JavaScript
- Worked on the CSS files with missing semi-colons
- Link: <https://github.com/Qreamville/rungeon>

PROJECTS

Sneakers-Website | React JS Developer

May, 2022 | GitHub

- Implemented context-api with useReducer as its state management
- Add functionality to the cart and search bar
- Included mobile responsive to the website
- Link: <https://E-commerce-Sneakers-Website/>

Mathwhiz | Front-End Developer

June, 2022 | GitHub

- Added dark and light theme using tailwind CSS
- Implemented countdown timer to the each question
- Ensured responsiveness across multiple platforms
- Link: <https://qreamville.github.io/Mathwhiz/>

Currency-Converter | Frond-End Developer

June, 2022 | GitHub

- Created a currency converter where user can convert from one currency to another
- Implemented exchange rate API to get the data from real time
- Introduced bootstrap and react-bootstrap to style the website
- Link: <https://Currency-Converter/>
